INTRODUCING ANCRA’S NEW TRAILER DOOR LIMIT STRAP

FEATURES

• Designed to be used when opening swing doors

• If cargo has shifted against the doors during transit, they may swing open suddenly when the lock bar is released, dumping cargo out of the trailer

• The hooks are inserted into the lock bars on each door to limit the opening of the door

• 800 lb. WLL hook with keeper

• 32 inch length from hook to hook

• Safety Green webbing for high visibility

P/N: 10924-10

Trailer Door Limit Strap on Intermodal Container
